PIVOT 2.0
Deliver a powerful blow to stagnant air in every corner of your building.

THE BIG ASS FAN FOR HARD-TO-REACH SPACES

We engineered Pivot 2.0 specifically for workspaces with low ceilings and less available floor space. Mount it to a ceiling, beam, or column and aim it anywhere you need a breeze. Thanks to Pivot 2.0’s virtually infinite number of speeds and positions, you’ll provide cooling relief exactly where people need it most, while its direct-drive motor keeps it operating quietly and efficiently.

USE PIVOT 2.0’S VERSATILE POSITIONING IN THESE AREAS:

✓ Areas with cluttered floors
✓ Long, narrow aisles
✓ Near dock, bay, and hangar doors
✓ Obstructed areas
✓ Workshops and repair bays

Key Features

✓ 6-foot diameter fan (6.35-foot with cage) an excellent fit for hard-to-reach areas
✓ Blow air anywhere with over 1,000 different operating positions and controls
✓ Wide variety of mounting options for ceilings, beams, and columns
✓ Variable speed controller offers precise control over your comfort
✓ Stay covered with our 5-year mechanical warranty

\(^1\) 480 V stepdown transformer available.

\(^2\) Fans are sound tested at maximum speed in a laboratory environment. Actual results in field conditions may vary due to sound reflecting surfaces and environmental conditions.

Airflow Velocity

Measured in feet per minute (meters per minute)

- up to 743 fpm (226.5 mpm)
- up to 148 fpm (45.1 mpm)

Column-mounted Pivot tested at 10 ft (3 m) above floor with four sensors at varying heights.
