SWEAT BEE
Built like a tank, this go-anywhere fan is here to rescue you from the heat.

DELIVER AIR POWER WHERE YOU NEED IT MOST

Working conditions get tough, especially in unconditioned spaces, so they demand an equally tough fan to keep things cool. The Sweat Bee boasts the greatest airflow distance of any Big Ass directional fan—quite a relief to workers in unconditioned spaces who can’t benefit from overhead airflow. With a variety of mounting options, it can quickly target your problem areas and deliver reliable cooling to any space.

WHERE TO PUT THIS FAN TO WORK:
- Unconditioned spaces
- Areas with low ceilings and obstructions
- Long, narrow aisles or rooms
- Material drying and cooling processes
- Harsh environments

Key Features
- 18- and 30-inch (457- and 762-mm) options to best match your needs
- Multiple mount options: wall, column, or optional swivel arm/rolling pedestal mount
- Beat the heat in any direction with 360° rotation and 40° tilt
- Ball bearing motor matched precisely to hub assembly for balanced, smooth performance
- 3-year warranty (varies by country; see complete warranty for details)
SWEAT BEE
TAKE THE STING OUT OF WORKPLACE HEAT

Technical Specifications

Fan size | Input power and breaker | Max current | Max speed | Sound level at max speed¹ | Operating Temperature | Weight² | Motor | Air velocity³ |
---|---|---|---|---|---|---|---|---|
18 in. (457 mm) | 100–125 VAC, 1 Φ, 60 Hz, 20 A | 6 A | 1725 RPM | 81 dBA | -25°F to 104°F (-32°C to 40°C) | 78 lb (35.4 kg) | 1/3 hp (0.25 kW) | 410–123 fpm (125–37 mpm) |
30 in. (762 mm) | 200–250 VAC, 3 Φ, 15 A | 3.7 A | 1160 RPM | 87 dBA | -25°F to 104°F (-32°C to 40°C) | 125 lb (56.7 kg) | 1 hp (0.75 kW) | 629–191 fpm (192–58 mpm) |

¹ Fans are sound tested at maximum speed in a laboratory environment. Actual results in field conditions may vary due to sound reflecting surfaces and environmental conditions.
² Fan and yoke. Add 9 lb (4 kg) if using the wall/column mount with a 18-in. (457-mm) fan. Add 15 lb (6.8 kg) if using the wall/column mount with a 30-in. (762 mm) fan. Add 31 lb (14 kg) if using the portable base and pedestal with a 18-in. (457-mm) fan.
³ Measured to 100 ft (30.5 m) for 18-in. (457-mm) fans; measured to 140 ft (42.7 m) for 30-in. (762-mm) fans.
